

KEYOH WORKING GROUP

Process for Funding Administrators To be accepted by Nak'azdli Membership

Nak'azdli Whut'en is tasking Keyoh and membership to initiate a process that will activate your visions and goals through a formal governing body to address and develop an acceptable protocol for the administration and disbursement of resource revenues which will enhance Keyoh and Membership to continue land use & strengthen connections.

Description

This process is not replacing the current way that Keyoh's steward their land base, we hope that it will enhance it.

All development and harvesting referrals will continue to be processed in the same format that is in place now. Keyoh holders are the decision-makers for stewardship within their hereditary Keyoh lands.

This is a group of administrators for the purpose of disbursement of funds for Keyoh & membership (yet to be decided)

Nak'azdli Whut'en has a responsibility to provide a fair and equitable opportunity to all membership.

The previous system that was used for Keyoh funding disbursements did not include a process for all membership and has shown to create a disconnect between families and members that feel they do not have a Keyoh and/or they are not able to access it due to disagreements. Everyone from Nak'azdli Whut'en will benefit from this system.

This process could be short or long term! Potentially to continue for generations to come.
